

# MASSAGE THERAPIST

**LEARN. TRAIN. EVOLVE**

## Job Summary

The Sports Medicine facet at ALTIS Performance completes the circle of the wholistic approach to sport performance by integrating massage therapy to sports injury rehabilitation and strength and conditioning to enhance continuity and consistency of the programming. The massage therapy professionals are located on-site at the ALTIS facility which allows for athletes/clients to access this service whether it is needed for injury rehabilitation or recovery protocol for dedicated athletes.

## Roles and Responsibilities

- Report directly to the Head of Rehab Services
- Assist in the development of the ALTIS rehabilitation system in accordance with all local and national laws and regulations
- Review and evaluate physician's referrals and patients' records to determine proper treatment requirements
- Administer appropriate treatments as indicated.
- Provide findings of evaluation in formal reports to both coaching staff and ALTIS clients
- Record patients' treatment, response, and progress daily within ALTIS reporting format
- Update treatment plan and/ or reevaluate patients as needed to ensure optimal outcome
- Work directly with administration staff on weekly patient schedule development, patient reschedules, cancellations, and Pre-Val scheduling

## Education and Qualification

- Registered/licensed Massage Therapist
- 2 years experience
- Competitive sports background preferred but not mandatory (either as former competitor or provider of sports medicine services to competitive teams or individuals)
- Advanced training/certification in soft tissue management (including Graston, ASTYM, or other)
- Advanced training/certification and demonstrated experience in manual therapy technique
